SENATOR BARNETT: Well you're gonna have to decide that one. I'm not . . . I think it's really related to the bill the same way as a question I heard here on the floor the other day that was stopped.

PRESIDENT: The only difficulty is questions cannot be used to continue debate once the Senator has closed. Because there's no way to close it then.

SENATOR BARNETT: Well then I'm gonna put a doubt on that anyway if I can. I'm gonna ask a question through you and I want to know from Senator Stull, on line 24, why ten percent was picked.

PRESIDENT: It seems to me that that's a proper question for information.

SENATOR BARNETT: Thank you.

PRESIDENT: Can you answer that Senator Stull?

SENATOR STULL: I think . . . Mr. President, members of the Legislature, I think the reason ten percent was picked was because we have some corporation that has executive officers that only own ten percent of the stock.

SENATOR BARNETT: He answered my question.

PRESIDENT: Senator Duis, for what purpose do you arise sir?

SENATOR DUIS: Mr. President, a question of Senator Stull, if I might.

PRESIDENT: Again, are you . . .

SENATOR DUIS: My question, so that you might determine it, would be to ask Senator Stull if he has studied Sections 48, 110, 111 and 112? Because I do believe that he would like to check those four sections in the statutes before he says that there's no way to get out of it until now. Have you checked those Senator Stull?

PRESIDENT: It is somewhat argumentative, but in view of the confusion on my call for the reply argument, Senator Stull, can you answer whether or not you have read those sections of the Statute?

SENATOR STULL: No.

PRESIDENT: Thank you. The question is, shall LB 2 be advanced to E & R initial. Record your vote. Have you recorded? Mr. Clerk record.

CLERK: 27 ayes, 7 nays, 15 not voting.

PRESIDENT: LB 186. Excuse me, LB 2. Excuse me, LB 2 is so advanced. Now, LB 185.

CLERK: Read bill.
